

Attaching to RM Speech (Getac Rx10)

Remove four screws holding on the Daessy Bracket. Remove the Daessy Bracket.

Mount the Multi Plate on the back of the case with the screws provided (1/4-20 x 1/2"). Use 1/8" spacer between the Multi Plate and the case if necessary.

Attach the Quick Release Plate (QRP) to the Multi Plate using four 8-32 x 1/4" screws labeled "QRP to Device Plate"
